

Resource Sharing Between DHS and IVRS for Supported Employment Services

This document explains how Supported Employment Services (SES) are funded for mutual job candidates who are eligible for both DHS/WAIVER and IVRS. Funding shared between DHS/WAIVER and IVRS for SES depends on whether an individual is off a waiting list, and the service responsibilities agreed to by each agency.

Shared SES Funding Scenario (DHS/IVRS)

WAIVER funds pay for **Job Development** (T2018) and **Job Coaching** (H2025) for a job candidate who receives both WAIVER and IVRS services for Supported Employment. IVRS funds pay for **Employer Development** (D15A), and may also fund additional D-code services not listed on this sheet, based on the specific needs required by each job candidate.

D15 Job Development	D15A Employer Development	D20 – 23 Job Coaching
WAIVER (T2018)	IVRS	WAIVER (H2025)
State Plan HCBS (rates vary)	D-code rate specific to CRP D15A <u>OR</u> \$992.00 without CRP contract	hourly \$36.76

IVRS SES Funding Scenario

An eligible job candidate of IVRS waiting for services from the WAIVER can be served by IVRS. Services for SES are authorized by IVRS until the time WAIVER funds become available. If/when that occurs; IVRS would cancel any unused authorization(s) for remaining D-code services in the table below in order for WAIVER funds to be used. Until that time, IVRS funds all SES D-codes which include: D151 & D152 (Job Development), D15A (Employer Development) and D20 - 23 (Job Coaching). *NOTE: This highlighted sentence also outlines the funding process for IVRS job candidates who do not qualify for a WAIVER and require SES.*

D151 & D152 Job Development	D15A Employer Development	D20, D21 SES Job Coaching, Stabilization	D22 Supported Job Coaching 45 day	D23 Supported Job Coaching 90 day
IVRS	IVRS	IVRS	IVRS	IVRS
CRP D-code <u>OR</u> \$496.00 at two payment points:	CRP D-code <u>OR</u> \$992.00	CRP D-code <u>OR</u> \$110.00, \$1,653.00	CRP D-code <u>OR</u> \$441.00	CRP D-code <u>OR</u> \$331.00
D151 = paid when <i>SES agreement</i> is signed D152 = paid when <i>written job offer</i> is received	D15A = paid when <i>Job Analysis</i> is received	D20 = paid when <i>SES assessment report</i> is received D21 = paid when <i>Job Stabilization</i> is approved	D22 = paid 45 days after Status 22 employment	D23 = paid after 90 days of employment
<i>Long-term follow-up services are required in Supported Employment. Funding (or sources) to provide this service can include county funding, natural supports, PASS, IWRE, MH worker, IL, or other no-cost resources. The source providing long-term follow-up is identified on the IVRS Plan for Employment (IPE) and SES Placement Agreement.</i>				

IVRS cases in which a job candidate works less than 10 hours a week require an explanation of why this individual cannot work more than 10 hours and supervisory review/approval prior to closure.
